**NAJFL BY LAWS SECTION 7 TAXI SQUAD**

- a. Taxi squads shall be permitted for C and B teams. Before a taxi squad can be used, however, the team in question must have at least 9 players on its regular roster to start the game.
- b. Teams may taxi up enough players not to exceed the opponent team on the field.
- c. Any team wishing to use a taxi squad must notify the opposing team that it is using a taxi squad.
- d. Any team wishing to use a taxi squad also must have a signed permission slip from a parent/guardian, in a form approved by the League, for each player (football players only) on the taxi squad before that player will be eligible to play for the taxi squad.
- e. A player in their final year, on any level, may move up 1 level with signed parents permission, and coaches approval. Once rostered the player must stay on that level.
